**Patrick Carlberg**

has successfully completed the online Specialization

# TensorFlow 2 for Deep Learning

In this Specialization, learners have acquired and honed practical skills in the popular deep learning framework TensorFlow to develop deep learning models for a range of applications such as image classification, language translation and text and image generation. Learners completed programming assignments and capstone projects to apply their knowledge and skills.

Dr Kevin Webster  
Senior Teaching Fellow  
in Statistics

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
